## AUTHOR VISIT INFORMATION

New York Times Bestselling Author  
2020 National Book Award Finalist • Newbery Honor Winner

I love visiting schools and meeting young writers and illustrators!  
I work with all grade levels, from Pre-K through 12th.

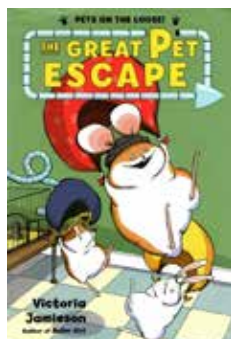

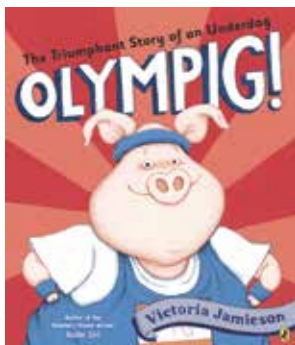

---

A typical author visit is an all-day affair, and includes:

- 3 presentations or workshops (45-55 minutes in length).  
These are often organized by grade level (K&1, 2&3, and 4&5).
- Book signings
- Lunch with select students, if desired

Email [penguinauthorvisits@gmail.com](mailto:penguinauthorvisits@gmail.com) to schedule a visit to your school or library!

## PRESENTATIONS AND WORKSHOPS

---

I present to all ages, from Pre-K through 12th grade. Presentations and workshops run about 45 minutes, but can be adapted to meet the needs of your school or library. Below are sample presentations; I am happy to tailor my visit to your students' particular area of study!

### LOWER ELEMENTARY

With younger kids, I focus on my picture books and younger graphic novels. I talk about how I write my stories and get my ideas, and I show early versions of my books and ask students to find the mistakes. During the second half of the presentation, we write and draw a story together, focusing on brainstorming, developing a character, and creating a story with a beginning, a middle, and an end.

### UPPER ELEMENTARY/MIDDLE SCHOOL

Most schools and libraries are interested in my presentations on graphic novels. I show slides and sketches to talk about how I get ideas for my stories. The second half of the presentation is an interactive writing and drawing demonstration. Whenever possible, I like students to bring pencil and paper so they can try their hand at writing and drawing comics.

### WORKSHOPS

Graphic novel workshops allow a more hands-on and intimate learning experience with students. We begin with a quick writing exercise and a discussion of the tools one can use while making comics: panels, word balloons, text boxes, etc. Students then complete their own autobiographical comic strip. Workshops work best with ages 8 and up, and with smaller groups (up to approximately 25 students).

## AUTHOR VISIT INFORMATION

---

HELLO! I'M SO EXCITED TO VISIT YOUR SCHOOL. HERE ARE A FEW ITEMS THAT WILL HELP THE DAY RUN SMOOTHLY.

### 1) A PROJECTOR AND A LAPTOP

I WILL EMAIL YOU A POWERPOINT PRESENTATION A FEW DAYS BEFORE MY VISIT. I'VE FOUND IT WORKS WELL IF SCHOOLS CAN PRE-LOAD MY PRESENTATION ONTO THEIR COMPUTERS.

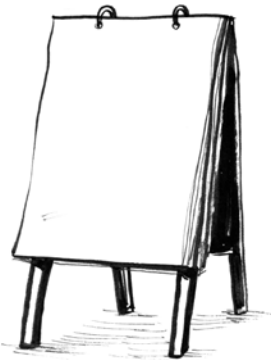

**I WILL ALSO BRING MY IPAD WITH HDMI AND VGA ADAPTORS AS ANOTHER OPTION.** NO SOUND REQUIRED FROM THE POWERPOINT.

### 2) A LARGE (STANDING) EASEL WITH A PAD OF PAPER, AND A DOCUMENT CAMERA

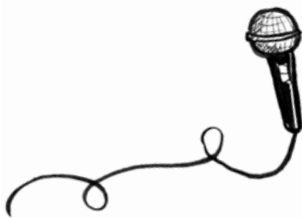

I WILL USE BOTH SETUPS, AND I'LL BRING MY OWN MARKERS.

**I CAN DRAW DIRECTLY ON MY IPAD IF YOUR SCHOOL DOES NOT HAVE A DOCUMENT CAMERA.**

### 3) A MICROPHONE

FOR LARGE GROUPS OR NOISY ROOMS, I'LL NEED A MICROPHONE. I PREFER LAPEL MICS, BUT HANDHELD OR HEADSETS WORK TOO.

### 4) CLIPBOARDS, PAPER, & PENCILS

WHEN POSSIBLE, I LOVE FOR STUDENTS (AND TEACHERS!) TO BRING CLIPBOARDS WITH 3 OR MORE SHEETS OF PAPER, AND A PENCIL. IT'S REALLY SPECIAL WHEN THE WHOLE SCHOOL CAN DRAW ALONG WITH ME!

## TESTIMONIALS

---

I have visited hundreds of schools and libraries, in the United States and abroad! I live in Eastern Pennsylvania, but I am happy to travel to meet your students in person. For visits that require plane travel, I usually request that schools connect with other local schools or libraries to coordinate 3-5 days of visits. Here are just a few comments from schools I've been privileged to visit:

**I was able to catch up with some of the students who attended the session- they, in unison, loved the way that Victoria Jamieson connected with them on a personal level. She had this incredible way of relating to 9, 10 year old kids, they all left the sessions with more knowledge, with more confidence, with more tools for success.**

Julian Curtiss Elementary School

**It was an amazing visit. The kids and teachers are raving about it! One of our classes is hanging their drawings up around their classroom! Thank you again for bringing your talents to our students and future writers.**

Patterson Elementary School

**What an absolutely delightful event! The kids gleaned so much from her advice and every single kid left the auditorium feeling like an accomplished illustrator. Just wonderful!**

The Lamplighter School, Dallas, TX

**I'm writing to thank for your visit. The pacing of the talk was perfection and, of course, the drawing tips section was the highlight. They're all begging me to try to get you back at some point!**

Chinese International School, Hong Kong
